

Why do the PQ & HSQ solutions in MicroSolv kits say Chemical Solutions on them - FAQ

Chemical Solutions™ is a brand name of the PQ and HSQ qualification kits and solutions that are manufactured and certified by MicroSolv.

These qualification products were a joint venture between MicroSolv and Chemical Solutions, Inc. for over 25 years but in January of 2024, Chemical Solutions products have been taken over by MicroSolv. The brand of these products will remain Chemical Solutions™ manufactured by MicroSolv Technology Corporation.

Support and development are provided by both MicroSolv technical personnel and Dr. Richard Hartwick formerly of Chemical Solutions, Inc.
