

What are the size and materials of the mobile phase delivery bottle caps and O-rings – FAQ

The mobile phase delivery bottle caps are made of polypropylene with a PTFE insert. The O-rings are made of Viton® and coated with PTFE. The caps, inserts, and O-rings are made for use with GL 45 screw thread bottles. The ring has an outer diameter of approximately 36.4 mm and an inner diameter of approximately 28.6 mm.
